DECLARATION OF NO SOLID WOOD PACKAGING MATERIAL

(Manufacturer's Certificate)

We, ProCase GmbH and ProCase Manufaktur GmbH (subsidiary), as producer of ProCase packaging containers declare that our products do not contain solid wood.

The containers are made of PVC coated plywood. The veneers are dried to a moisture content of less than 5 % and bonded in the hot press at a temperature of 130°C. Due to this manufacturing process, plywood do not contain any insects or wasps.

ProCase containers fulfil **ISPM15** requirements by **IPPC-Standard**. The key features of ISPM 15 define about packaging containers made of plywood that a phytosanitary certificate or IPPC mark are not be required.
